Gentlemen

We are submitting four copies of the Final Operable Unit 2 Walnut Creek Interim Measure/Interim Remedial Action (IM/IRA) GAC (Granulated Activated Carbon) Field Treatability Report. This is an Interagency Agreement (IAG) deliverable due June 2, 1992. This Final Report summarizes the results of the Field Treatability Study for the GAC units at the Walnut Creek IM/IRA.

We would like to meet with you to discuss the results of the GAC unit testing and to discuss the testing program for the Rads/Metals Removal Units. If you have any questions, please contact Scott Grace at 966-7199 of my staff.

Sincerely,

James K Hartman
Assistant Manager
for Environmental Management
